Stevens Institute of Technology Blueprint Project Proposal

Thank you for considering Stevens Blueprint as your partner to fulfill your technology needs. Our team is committed to working closely with your organization to turn your vision into reality, free of charge. We specialize in customized web and mobile development that is tailored to your specific requirements.

Throughout the development process, we will maintain regular check-in meetings to ensure that all features and designs meet your expectations. We understand that every organization is unique, and we are dedicated to creating technology solutions that meet your specific needs.

To get started, we would appreciate it if you could provide us with more information about your organization, mission, and goals. This will help us better understand your requirements and recommend potential solutions. We welcome your input on the technologies and key features that you would like to see implemented in your project.

Rest assured that our team is prepared to recommend potential solutions even if you don't have specific technical specifications at this time. We look forward to the opportunity to work with your organization and bring your project to life.

Is your organization a 501(c)(3)? *At this time, Blueprint is only able to support 501(c)3 non profits.*

What is your organization's mission statement?

Please Provide a two sentence summary of your proposed project:

What are the goals of this project and what problems does it address?

What are some of the key features of the project and how will they achieve the goals above?

On what devices/platforms would you like the solution to work?

What is the target audience for the project? How large do you estimate it to be?

Why is this project important to your organization?
